# THE CHRONICLE

OF CHAMPION, ALBERTA

VOLUME 26

CHAMPION, ALBERTA, THURSDAY, SEPTEMBER 24, 1942

NUMBER 40

## Chronicle Adds Local Notes Canadian Press News Service

In keeping with its policy of providing its readers with all that is best in weekly newspaper, the Champion Chronicle has subscribed to the Canadian Press News Service, the service commences with next issue.

The Canadian Press is a nation-wide news gathering organization with correspondents in all principal cities and affiliates throughout the world.

The service provided to the Chronicle by the Canadian Press will comprise, "Weekly War Commentary," "The Week in Ottawa," and articles written especially for our readers by well-known feature writers. Many exclusive feature stories will also be used.

Highlight of the service will be a spot news telegraph story of latest world happenings wired direct to the Chronicle just before press time each week by the Canadian Press.

## I.O.D.E. Meets

The regular meeting of the local chapter I. O. D. E. was held Thursday at the home of Mrs. J. D. Henderson, with 11 members present. Two new members, Miss Edna McVeety and Miss Edith Lockwood, were welcomed. Mrs. E. H. Freeze reported sending cigarettes through the Tobacco Club to 20 boys overseas.

The sum of \$15 was voted towards providing ash trays for the Vulcan airport.

Mrs. J. D. Henderson was appointed convener in charge of the raffling of the Thanksgiving hamper. She will be assisted by Mrs. J. Mark. Mrs. H. C. Jopling was elected treasurer to replace Mrs. S. Orris, who resigned.

Monday, Sept. 28, was set as the evening for the next hostess club. It was decided to fill two ditty bags at \$4 per bag. All members were urged to save cosmetic jars. The next meeting will be held at the home of Mrs. H. T. Lamont.

## Local Notes

The Chronicle welcomes two new subscribers this week, E. B. Siler and Doug. Paris.

Pete Holm was in to pay his subscription last week and to bawl us out at the same time. Pete says the paper isn't any good anymore since we stopped fighting with Archie Ruggles. O. K. Pete we will try and pick a fight with the Paul Bunyan of McGregor Lake. He will probably be in one of these days with a story about seeing Ogopogo, the sea monster, in McGregor Lake and that will give us the chance to straighten him out.

## Mrs. Mary Sisson Passes At Age of 84

Just at time of going to press we regret to learn that Mrs. Mary Sisson, pioneer resident of Champion passed away at Calgary Friday evening, after a lengthy illness. Burial will take place in Champion Monday afternoon. Full details will appear in next week's paper.

Buddy Anderson, who is a patient in Carmangay hospital, is making very favorable progress.

Workers in the Red Cross rooms have undertaken to fill 12 ditty bags, and at present plans are under way to commence work on them.

Miss Gladys Anderson has returned home after spending some time visiting with her sister and brother-in-law, Mr. and Mrs. Roy Robinson at High River.

Dick Depue is visiting with his parents at Stavely for a few days this week.

E. B. Siler reports that one field of Bob Todd's which he has been combining run 55 bushels to the acre.

Harvey Jopling is installing a new heating system in his home and is scouring the country for a tinsmith to do the work.

Remember!  
I. O. D. E. Hostess Night  
Monday, Sept. 28th  
Dancing—Games—Lunch

We were very pleased to receive this week a copy of VICTORY, the station paper of the R. C. A. F. at Alford Bay, B. C. It was sent to us by Gordon Berger. It is a very well got up weekly, mimeographed and with illustrations. The station is to be congratulated. Anyone of our readers wishing to look over this paper can do so at the Chronicle office.

Five of the local boys went out hunting Thursday (today). They report fishing was good. Their bag consisted of six fish and three ducks.

Miss Rita Cemulini has accepted a position as stenographer with Williams and Williams, chartered accountants, in Calgary.

Mr. and Mrs. Alex Hummel and daughter, Melva Jean, of Great Falls, Mont. spent the week-end at the home of Mrs. B. Hummel. While here they renewed acquaintances at Stavely and Claresholm.

Bobby Rinaldi suffered a very painful injury, Tuesday when his arm was caught in the washing machine wringer.

Larry Hagz left Thursday for Summerside, P. E. I.

WANTED—By country editor. A suit of cast iron armour for evening wear. Headpiece must be in good shape with double reinforced mouthpiece, adjustable. Must have emergency can opener and automatic air conditioning. No objection to few rust spots in the right places.

## Editor of Chronicle's Threatened— Or Propositioned— Or Something

We were somewhat startled and amused Thursday noon when the door of the shop opened and the village policeman stealthily put his head inside the shop and peered about. On not seeing anyone but our own puny self about the remainder of the body of the law entered.

"How much you take to keep your mouth shut," were the words hurled at us by this disciple of propriety, this guardian of morals, each word striking our shivering brain like the impact of a bullet.

Summoning all our courage and swallowing our heart which had got stuck on our back teeth we managed to whisper "Wha-a-a-t d-d-do-o-y-o-u me-a-n?"

"How much you want to keep your mouth shut" was all the answer we could get, and after asking the same question three or four times and getting exactly the same answer we decided the phonograph record had got stuck. By this time the constable had backed out of the shop and was half way across the street. By leaning on the counter for support we were able to pull ourself to the door and called once again "Hey come back and tell us what you are talking about." But all we could hear was a faint "S'all right just keep your mouth shut."

So we are in a quandry. And we don't like being in a quandry. We know one fellow who was in quandry for ten years and wrote a book about it. He called it "My Ten Years in a Quandry," and made a lot of money out of it.

Maybe we could write a mystery story about our quandry and call it "The Case of the Editor's Open Mouth" or "Who Hit Nellie—"

Seriously though we stayed up practically all night trying to puzzle out the meaning of the cryptic words thrown at us by the upholder of the law. Does the fact that our natural curiosity which often makes us go about the street gaping with our mouth open mean anything? Had someone laid a complaint to that effect? Could it be that he didn't like the sound of our voice? Wait till he hears us sing! Could it be that there was some dark and dirty work going on somewhere that he thought we knew about and was warning us to be silent and not put it in the paper? How futile. Could it be that he had overheard someone complaining to us about his bumbling interpretation of the role of Sherlock Holmes and thought he could scare us into not talking about it or putting it in print.

Dear reader, your guess is as good as ours, as to what our intrepid sleuth meant. Was it a threat, was it a proposition, or was it just something?

We will give a year's subscription to the best answer to this question in one hundred words or less. No words to be over four letters long. Entries close the day after harvest is completed.

### Editorials

#### HAVE WE GOT WHAT IT TAKES?

Seven hundred and fifty million dollars is going to be hard to get. But it is going to be got. And it is going to be got by EVERY-ONE denying himself something more than he has been doing.

Let's not talk sacrifice when buying bonds. We don't sacrifice. Think of the 3,350 of our boys who did not come back from Dieppe. Think of the boys lost at Hong Kong. There is sacrifice. All we can do is to deny ourselves more and more that we can give these boys who ARE making the sacrifices, all they need so that they do not make it in vain.

Our self-denial will not be easy to make. But compare what we have left after making it, with what they have left after making theirs.

We must put up that seven hundred and fifty million—and more.

It is the considered opinion of this paper that the Village Council showed poor judgment in its selection of a special constable to keep order in the village on Saturday evenings. Numerous cases have been reported to this paper where ratopayers have been unnecessarily annoyed and embarrassed by excess on the part of the constable.

## The Chronicle Tobacco Fund

This fund is for the purpose of sending cigarettes regularly to the boys of the district serving overseas in Canada's forces.

It is planned to send 300 cigarettes each month to each boy.

Money will be collected by voluntary donations made direct to the Chronicle which will be acknowledged in the paper, and through receptacles to be placed in all places of business.

Every cent of money collected will go directly for purchase of cigarettes as the Chronicle is assuming all expenses in connection with the fund.

The local I.O.D.E. chapter has kindly consented to administer the fund, that is, they will handle all monies, book-keeping and ordering.

Donations, distribution and expenditures will be published regularly in the columns of this paper.

No donation is too small to help in this work. Won't you plan to help see that our boys get enough smokes?

Bring or send a donation in NOW to

## The Chronicle

## GOVERNMENT INSURANCE IN CASE OF WAR DAMAGE TO PROPERTY

### OWNERS OF PROPERTY ARE URGED TO INSURE AGAINST LOSS BY ENEMY ACTION

The Government of Canada, by Act of Parliament, has set up a Plan of War Risk Insurance against damage to property caused by enemy action—by countermeasures taken against the enemy—by explosions of war munitions handled by third parties.

In terms of general information, it may be stated that the Plan provides a certain limited FREE COMPENSATION for damage to owner-occupied homes and to chattels, but the main feature of the Plan is that owners of most types of property can protect their property by PURCHASE of GOVERNMENT WAR RISK INSURANCE at very moderate rates.

This type of War Risk Insurance is not being sold today by private insurance companies, because of the risk involved. Consequently, the Government has established a national scheme to make it possible for each citizen in Canada to purchase the sense of security that comes from knowing that if his property does suffer war damage (and the war has come much closer to Canada in the last twelve months) he can call on the resources of Canada to help him make good his property loss.

### HOW TO OBTAIN GOVERNMENT WAR RISK INSURANCE

The Fire Insurance Agents and Companies of Canada have volunteered to the Government the services of their extensive facilities and personnel, on a non-profit basis, thus avoiding the setting up of the large organization that otherwise would be needed to handle details of this nation-wide Government War Risk Insurance scheme.

**YOUR FIRE INSURANCE AGENT  
OR COMPANY WILL GLADLY  
SUPPLY COMPLETE DETAILS OF  
THIS GOVERNMENT INSURANCE  
PLAN.**

*THIS ANNOUNCEMENT IS PUBLISHED so that the public may have notice of the Government War Risk Insurance Scheme. The information given above is not intended to be a complete resumé of the Scheme. Full information regarding conditions, exclusions, etc., is available elsewhere.*

#### TO HOME OWNERS HOUSEHOLDERS and OTHERS

Limited free compensation is provided under the Act for War Damage by enemy action to owner-occupied homes up to \$3,000. Damage to Householder's Chattels, up to \$800—for those of his wife, up to \$400—for each child under 16, up to \$100—for others, not householders, up to \$200.

No policies are needed in this classification but insurance additional to the above amounts may be purchased.

Ask any Fire Insurance Agent or Company for complete details.

**FULL DETAILS FROM ANY FIRE INSURANCE AGENT OR COMPANY**

### The Agricultural Representative

It is not many years since the technical agriculturist, often dubbed the "white-collared farmer," was regarded with suspicion and was a fairly successful competitor with the "green Englishman" as a target for the farmers' humour. Fortunately for farmers, scarcely a trace of that attitude remains. When wheat was two dollars or more per bushel, western farmers could make money without technical advice. Now, however, with mixed farming becoming more and more prominent, soils becoming eroded and overrun with weeds, the technical agriculturist no longer has to sell himself to the farmer; he is in demand. All sorts of mysterious plant diseases, hog diseases, poultry diseases, livestock feeding problems, sowing pastures and hayfields, and countless other problems which entail financial loss to the farmer if the most up-to-date scientific knowledge is not put to work, require the assistance of scientific agriculturists.

The most important link between the agricultural research worker and the farmer is the Agricultural Representative or District Agriculturist, as he is called in Alberta. In Ontario, there are now 54 County Agents—exactly the same sort of "animals" as our "Ag. Reps." We have a slightly smaller number for the three prairie provinces combined. We need more badly.

The Agricultural Representative does not pretend to teach farmers how to farm. His job is to put farmers in touch with sources of information if he cannot supply it himself.

Get to know your "Ag. Rep." He can save you time, trouble and money.

## Public Sale of Lands Under the Tax Recovery Act 1938

Municipal District of Harmony  
128

NOTICE is hereby given, that under the provisions of the Tax Recovery Act 1938, The Municipal District of Harmony 128, will offer for sale by public auction, at the office of the Secretary-Treasurer, Champion, Alberta, on the 15th day of October, 1942 at the hour of 10 o'clock in the forenoon, the following lands:

Pt. of Sec.	Sec.	Tp.	Rge.	Mer.
N-W-4	2	15	23	4
N-E-4	14	15	23	4
S-W-4	14	15	23	4
S-W-4	9	15	24	4
S-W-4	23	15	24	4
S-4	20	16	22	4
S-W-4	21	16	22	4

Each parcel may be offered for sale subject to the approval of the Minister of Municipal Affairs, and subject to a reserve bid and to the reservations contained in the existing certificates of title.

Terms cash, unless otherwise arranged.

Redemption may be affected by payment of all arrears and costs, at any time prior to the sale.

Dated at Champion, Alberta this 4th day September, 1942.

C. Rhodes,  
Secretary-Treasurer.

## To Help Farmers Subscribe To Loan

According to word just received from Ottawa by this paper a new plan is being put into effect in the forthcoming Victory Loan to enable the farmers to buy Bonds and Certificates, without having to put up the necessary cash.

A farmer wishing to purchase a bond may sign a Victory Ticket authorizing any buyer to whom he sells his farm product to deduct a percentage of the sales price of that produce and forward it to National War Finance Committee Provincial Headquarters. The Farmer will receive from the War Finance Committee the equivalent value in Victory Bonds.

The objective of the Victory Ticket idea is to enable the farmer to support the necessary war financing without jeopardizing his working capital or the reserves necessary to enable him to meet emergencies.

## LETTERS FROM THE BOYS IN UNIFORM

Dear Mr. Orris:

Just a few lines to let you know that I still receive the Chronicle regular. When ever the mail comes, I am always looking to see if there is a paper for me along with the rest of my mail.

It gives more news than if several people were writing on different subjects. Some of them come fairly, but usually I get them about three weeks after they are put into print.

We had a move about a week ago and at time of writing we are at firing camp. It was a holiday camp in peace time and has been taken over by the army since war was declared. It has about 500 cabins, which we live in and each holds two men very comfortably. We have washbins, electric lights and lockers in each. Although the beds are not here we do very well by sleeping on the floor.

There is a swimming pool in the grounds which has different times allotted. The officers have one time, the sergeants go in when they are through, and then the gunners are the lucky ones.

The food is a hundred per cent better here than what we have been getting, but they do have better accommodations for cooking.

We are under British jurisdiction here and treated pretty decent. There is only one great trouble here, and that is the camp is quite a distance from a fair sized town.

tance from a fair sized town.

The Pater, as you know, who has been in the hospital for the last while, is now in the Holding Unit. According to what some of the who know him, say he is looking good and is yearning to get back to the battery. He will find a great change though as there are only about half of the old bunch left, the rest having been transferred to other units and so on. I had a claim put in for him, so he should be back into this battery in the next two or three weeks.

The weather has been grand over here for the last month or so but I am afraid the English winter is drawing near. It started raining last night but it stopped about noon today. I imagine you will have the feel of winter by the time you receive this. According to letters I have received and various Alberta papers I have seen, there are good reports about there being "bumper" crops in and around Champion district. That will be alright as the farmers sure deserve it since it will be the first one they have had for a good number of years.

Well, Mr. Orris as this leaves me without very much more to say I will close hoping this finds you in the best of health.

Yours sincerely,  
Eric Diemert.

P. S. May I take this privilege of saying "hello" and wishing the best to all my friends around Champion.

## THE WEATHER

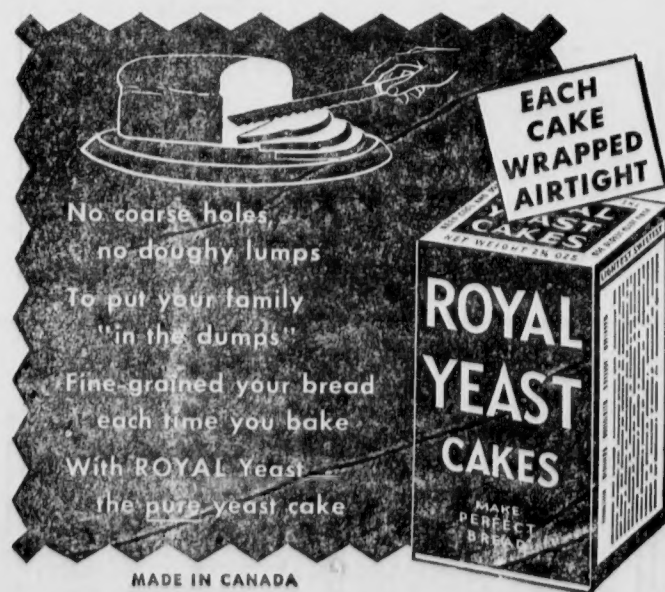

We were all set to go to work in the harvest field Wednesday for Bill (I'll take a chance) Christensen. However, it rained and we had to forego the pleasure. When people heard we were really going to work we took a lot of kidding. Now that it rained we are being blamed for that too. People are saying we stayed up all night praying for rain so that we would not have to show what a poor farm hand we would be. Oh well!

v-v-v

Despite the advice of the Elevator Companies, the department of agriculture and many responsible farmers, some farmers are still cutting tough wheat and taking it to the elevators. It is just as bad to store tough wheat in bins or granaries as it is to store it in an elevator. While it is darn hard to wait the extra day for the wheat to dry it will well repay the wait in the long run.

v-v-v

Did you buy your bullets today?  
Two bits buys a fistful.

**TOUGH AND IMMATURE GRAIN**

Combined grain containing green, immature kernels, and threshed grain that is tough, will heat and so spoil in storage. Farmers are strongly advised not to combine or thresh this year until their grain is almost bone dry.

**SEARLE GRAIN COMPANY, Limited**

### South McGregor Lake News and Locals

by Archie Ruggles

Fire in a Sokvitne wheat field started by a defective exhaust pipe from a truck, caused quite a stir among the farmers, east of McGregor Lake, Tuesday. The fire started in a partially harvested 400 acre field, it was fortunate that the blaze did not start on the windward side, as it was, no grain was destroyed, but the blackened strip of prairie gives evidence of what a fire can do in a short time. We can not be too careful with fire this year as the heavy growth of grass makes beating it out next to impossible.

V—V—V

Leonard Rhodes and family returned to the west coast Saturday after splitting his leave from training between his parents, Mr. and Mrs. George Rhodes, here and his brother, Clarence at Coleman, this may be Leonard's last leave before he takes his place in the front lines somewhere.

The Buchler family have moved to Champion, after Mr. Buchler completed the summer season as ditch rider for the Southern Alberta Irrigation and Land Co.

V—V—V

The sun is shining, and the grain is dry enough to thresh again, so there is no time for foolishness. This state of affairs leaves plenty of room for Stan, to bring more dead jokes to life in this column.

Editorial Note: "Oh Yeah!"

WATSON THOMSON

Director of Adult Education, University of Manitoba, returns to the air Sunday, October 4th, 7:30 p. m. CDT (6:30 p. m. MDT) when he will again be commentator on CBC's Week-End Review series. Mr. Thomson's commentaries have grown increasingly popular, and letters have reached him from such widely-separated points as Vancouver Island, The Pas, and Puerto Rico, where an American sailor picked up his talk and wrote to say how much he had enjoyed it. Mr. Thomson was formerly a tutor in Jamaica, and from 1927 to 1931 was inspector of schools in Nigeria. He is a Scot by birth and a graduate of Glasgow University. This programme is heard over Station CBK, Watrous (540 Kcs.)

## Just Received

### Medalta Siesta Ware Dishes

Don't Break Your Back

We have a 18ft. grain loader just in

### Farmer's Hardware

Agent For John Deere Farm Implements
